About your instructor

- In July 2015 I moved home to Australia after many years of education and work in the USA
- I have been using R since it first emerged from Auckland, NZ in 1995, and I am an elected member of the R Foundation 🎓
- I am one of four editors of the R Journal editorial team that publishes articles about R packages ☰
- My main statistical application areas are sports, ecology and bioinformatics; and I like to develop new software

If you had any issues installing any packages or software
go to:

 <https://rstudio.cloud/project/1487877>

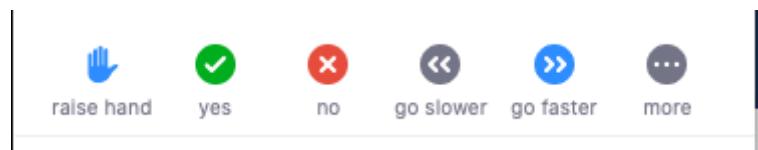

and save a permanent copy to your RStudio Cloud
account for the R exercises.

Help me!

You can write in the chat.

You can ask (unmute yourself).

You can raise hand from zoom under Participants.

We'll come around in breakout sessions.
